Brian Powers is a Comedy Hypnotist, Certified Clinical Hypnotherapist, Guest Speaker and a Professional Booking Agent with over 7,800 performances in the past 25 years.

Brian has performed his comedy stage hypnosis show ***Powers of the Mind*** throughout the United States, Canada and aboard Norwegian Cruise Lines.

As the former director of the Hypnosis Center in Osage Beach and with certifications in clinical and a member of the National Guild of Hypnotist, Brian has performed his stage show and has hypnotized over 30,000 people.

Brian is now turning his attention to teaching. Many principles that he has developed from his years on the stage with his stage hypnosis shows are being used to help people communicate better.

Brian's seminar will teach and show you that what we actually say may not be what is actually heard by those who we are communicating with and how to correct that.

His seminars are designed to help you discover the many ways we input information, and why it's significant. How you may be sabotaging your own ability to communicate and why creating new patterns of behavior can help drive you forward.
